OTAC DOES LISTEN! A frequently made comment during the recent regional meetings was a request that, while our meetings have been helpful, programs often have different concerns dependent upon the age of learners or the number of staff members. Principals who work with a large staff may have questions which are different from *teachers* who are in self-contained or team-teaching settings. Evening programs may have *yet* a different set of issues.

Therefore, we will host just such an opportunity: a forum to network with individuals who share similar size and grade level programs and similar concerns. Some of the topics that may be at the table include scheduling, instruction or remediation for Oklahoma Core Curriculum Tests (OCCT i.e. CRTs and EOIs), staffing, motivational ideas to impact behaviors (e.g., absences), policies, and proposed legislation. In other words, whatever is of concern to you.

- Who: Principals and Directors of Alternative Education
